Romancing the ear

Timeless, ageless and soundly provocative

Powered by the latest in cutting edge MICON technology, compact and discreet, the new **Ace** hearing instrument delivers every precious word with superior sound clarity and comfort. And **Ace** has climbed the evolutionary chain. It's intelligent – learning, remembering, and all the while intuitively adjusting to your individual hearing preferences, in any environment, any situation. So, for all the moments that are yours to live – *hear* is where you'll want to be.

**Until March 31, 2013,
buy one Ace hearing aid and
receive half off a second one!**
